

Carthage College Summer Program **HUMANITIES CITIZENSHIP INITIATIVE (HCI)**

JULY 9 – 26, 2018

Carthage College offers a three-week seminar in the study of the humanities and citizenship. Students entering Grade 12 are invited to explore great ideas in authors such as Plato, Shakespeare, and Frederick Douglass, examining civic concepts from the ancient world to contemporary times. Through this seminar, students will read complex material carefully and critically, engage in discussion and debate, and present their own ideas in argumentative writing and classroom discussion. Field trips to Chicago and Milwaukee provide opportunities to discuss seminar ideas in life of the city.

The HCI provides students with the college-level skills necessary to engage with the great works of the ancient and modern world. Through critical discussion and engagement with great literature, students will explore ideas in the humanities and the notion of citizenship from the ancient world to the present.
